Order No. 71-31

On October 22, 1971, Theodore A. and Jayne Dungan filed a petition with the State Water Resources Control Board, hereinafter referred to as the State Board, regarding action of the California Regional Water Quality Control Board, Lahontan Region, hereinafter called the regional board, denying their request for exemption under California Water Code Section 13951. The petition requests the State Board to review the regional board action and require the regional board to approve the petitioners' exemption or grant such exemption itself.

The State Board finds that the California Water Code does not provide for administrative review of regional board action under Water Code Section 13951 and that the State Board is therefore without jurisdiction to consider the merits of this petition.

THEREFORE, IT IS ORDERED THAT the petition of  
Theodore A. and Jayne Dungan be, and it is hereby, dismissed.
